

Works Notification

April 2017

Gold Coast Light Rail Stage 2

NIGHT WORK AT THE UPLANDS DRIVE CUT, SMITH STREET MOTORWAY

From Wednesday 26 April 2017, night work from 6.00pm to 10.00pm Monday to Friday is required for up to three weeks to install service conduits adjacent to the Smith Street Motorway at Uplands Drive.

This work is weather dependent and will be carried out on the next available night shift should delays occur.

Work will involve:

- Excavation of a trenches using an excavator and rock hammer.
- Installation of service conduits.
- The use of light vehicles.

What to expect

- This work will be undertaken between 6:00pm and 10:00pm Monday to Friday.
- Increased noise levels from machinery, including an excavator and hammer.
- Use of temporary lighting towers to light the work areas.

For the safety of our workers, this work is required to be undertaken at night due to the large construction traffic volumes in this area during standard construction hours.

Every effort will be made to keep disruption to a minimum for residents and road users. We appreciate your patience during these important works and will continue to update you as work progresses.

Contact the project team

If you have any questions or would like to register for more information, please contact the CPB Contractors Project Team on **1800 425 799*** or email **gclrstage2@cpbcon.com.au**. Visit **www.gclrstage2.com.au** anytime for more information and updates.

Project information

Gold Coast Light Rail Stage 2 involves the design and construction of a new 7.3km route which runs from Helensvale heavy rail station adjacent to the Gold Coast Line, then adjacent to the Smith Street Motorway to connect with Stage 1 at the Gold Coast University Hospital light rail station.

GoldlinQ's construction contractor CPB Contractors commenced construction in July 2016 and are committed to completing the project in time for the Gold Coast 2018 Commonwealth Games.
