

Works Notification

September 2017

Gold Coast Light Rail Stage 2

WEEKEND CLOSURE OF SMITH STREET MERGE ONTO SMITH STREET MOTORWAY.
FINAL ASPHALT RESURFACING - TRAFFIC DIVERSIONS IN PLACE

A full weekend closure is required to complete the asphalt road surface on the eastbound lanes of Smith Street, which will occur from 8.00pm Friday 22 September until 5.00am Monday 25 September 2017, weather permitting.

What to expect

- All eastbound vehicle movements on Smith Street between Napper Road and Smith Street Motorway will be closed between 8.00pm Friday 22 September until 5.00am Monday 25 September 2017, weather permitting.
- Motorists who use this section of Smith Street to travel towards Southport will be detoured via Napper Road towards Olsen Avenue.
- Motorists should seek an alternative route.
- These works do not impact any of the westbound lanes of Smith Street heading to the M1, Gaven, Arundel and Parkwood.

Motorists are advised to seek an alternative route. We apologise for the disruption during these works.

Work will involve:

- Traffic control for lane closures, diversions and detours including signage to direct motorists.
- Visual message boards will operate in the area to keep you informed.
- Increased noise levels and vibration from machinery, equipment and site vehicles.
- Strong petroleum odours are omitted during the base asphalt placement. Odours will dissipate as the product sets.
- Using temporary lighting towers to light the work areas at night.

Every effort will be made to keep disruption to a minimum for residents in proximity to these activities. The Gold Coast Light Rail Stage 2 team apologises for any inconvenience and appreciates the community's continued patience during these important works.

Contact the project team

If you have any questions or would like to register for more information, please contact the CPB Contractors Project Team on **1800 425 799*** or email **gclrstage2@cpbcon.com.au**. Visit **www.gclrstage2.com.au** anytime for more information and updates.

Subscribing to receive project updates is a convenient way to obtain information about the project and work happening in your area. To subscribe, simply visit our website and look for the 'sign up form' on the 'contact' page.

Project information

Gold Coast Light Rail Stage 2 involves the design and construction of a new 7.3km route which runs from Helensvale heavy rail station adjacent to the Gold Coast Line, then adjacent to the Smith Street Motorway to connect with Stage 1 at the Gold Coast University Hospital light rail station.

GoldlinQ's construction contractor CPB Contractors commenced construction in July 2016 and are committed to completing the project in time for the Gold Coast 2018 Commonwealth Games.
