September 2016

Gold Coast Light Rail Stage 2

SITE PREPERATION – DEMOLITION OF BUILDING, GREENACRE DRIVE

From the week commencing Monday 12 September 2016, CPB Contractors will commence the removal of a state acquired property on Greenacre Drive, Parkwood as part of the Gold Coast Light Rail Stage 2. This work will take approximately one week to complete, weather permitting.

Works will involve

- Installation of temporary fencing around the work area.
- Asbestos checks will be undertaken and if located a licensed asbestos removal contractor will be engaged.
- Using large machinery to demolish buildings and load material into trucks for transport.
- Machinery and other vehicles will access the rear of the property from Smith Street Motorway.
- Water trucks will provide dust suppression during the demolition activities.
- Levelling the area in preparation for the construction of the new Parkwood Station.

What to expect

Construction work will occur between 7:00am and 6:00pm, Monday to Saturday. Workers may arrive onsite between 6.00am and 7.00am to prepare for the day's activities.

During construction, you may notice some changes around your local area such as:

- Increased levels of localised noise and dust from the use of heavy machinery and equipment.
- Increased construction vehicle movements within the project corridor.
- Delivery of plant, materials and equipment to the project corridor.
